# REACH AHEAD

## COURSE DESCRIPTIONS

### **Integrated Arts - ALC101**

This course integrates drama and visual arts, giving students the opportunity to produce and present integrated art works created individually or collaboratively. Students will demonstrate innovation as they learn and apply concepts, style and conventions unique to the various arts and acquire skills that are transferable beyond the classroom. Students will use the creative process and responsible practices to explore solutions to integrated arts challenges.

### **Introduction to Business – BBI101**

This course introduces you to the world of business. You will develop an understanding of the functions of business, including accounting, marketing, and information and communication technology. This course builds a foundation for further studies in business and helps you develop the business knowledge and skills you will need in your everyday life.

### **Exploring Technologies (Robotics) - TIJ101**

Let's get ready to Ruuuumble! In the Exploring Technologies course you will learn about computers, programming, electronics and control systems all while building your own sumo robot. Each student will have the opportunity to build a small battle ready robot. At the end of the course your robot will battle for the ultimate prize (or at least bragging rights).
