### Course Descriptions

#### **Introduction to Business – BBI101**

This course introduces you to the world of business. You will develop an understanding of the functions of business, including accounting, marketing, and information and communication technology. This course builds a foundation for further studies in business and helps you develop the business knowledge and skills you will need in your everyday life.

#### **Exploring Technologies - TEJ101**

Let's get ready to Ruuumble! In the Robot Rumble course you will learn about computers, programming, electronics and control systems all while building your own sumo robot. Each student will have the opportunity to build a small battle ready robot. At the end of the course your robot will battle for the ultimate prize (or at least bragging rights).

**If you have any questions or inquiries, please call the Con Ed Office in Oshawa
